

HOME SENSE *how to*

PUT YOUR *wall to work*

Whether you have a home office or a small work spot, maximize space—look no further than your wall!

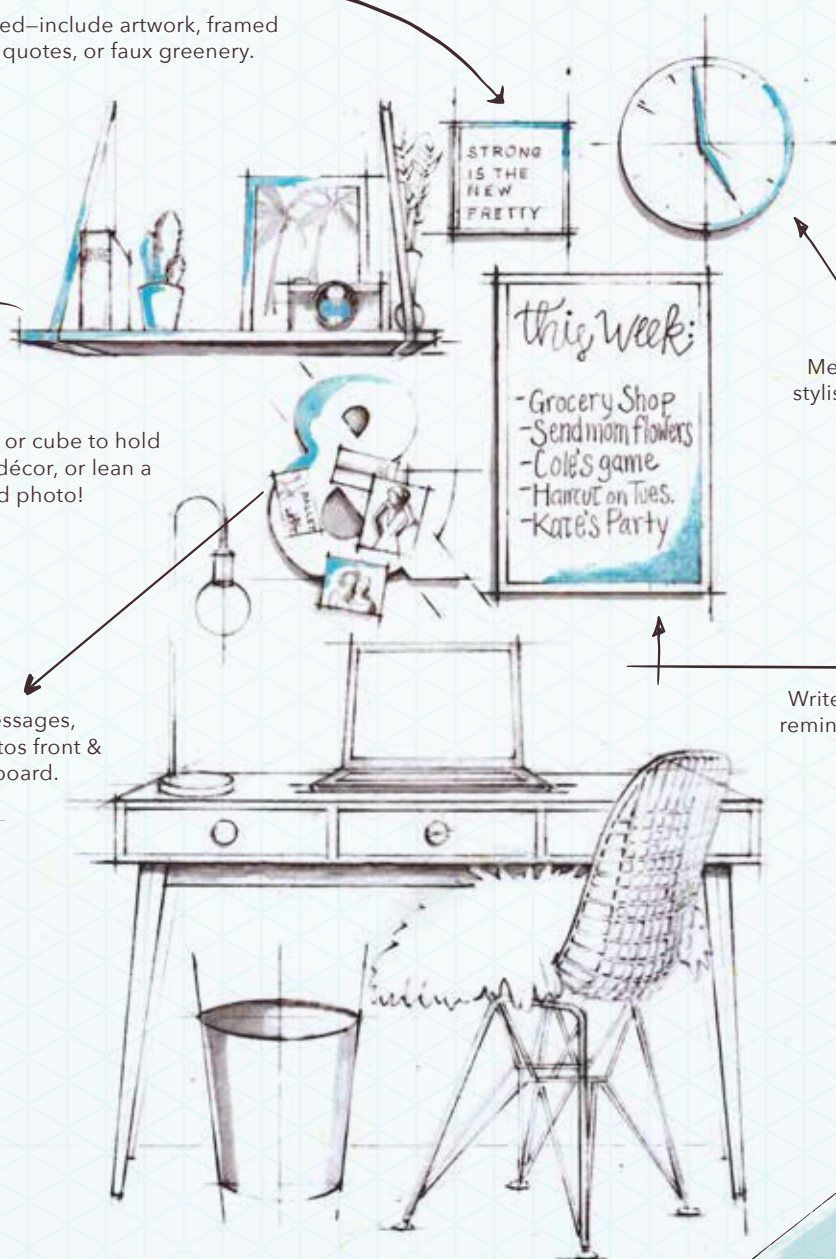

Stay inspired—include artwork, framed favorite quotes, or faux greenery.

Mount a shelf or cube to hold books, files, décor, or lean a framed photo!

Keep important messages, paperwork, even photos front & center with a pinboard.

Meet every deadline with stylish calendars and clocks.

Write on & wipe off notes, reminders and to-dos using a whiteboard.
